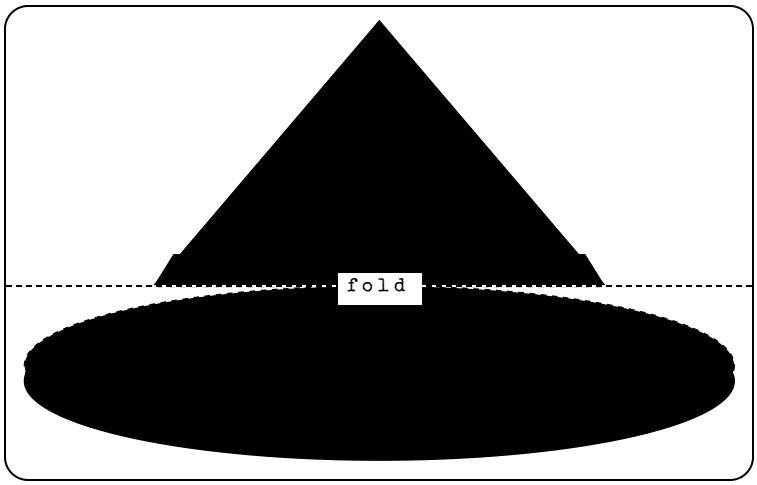
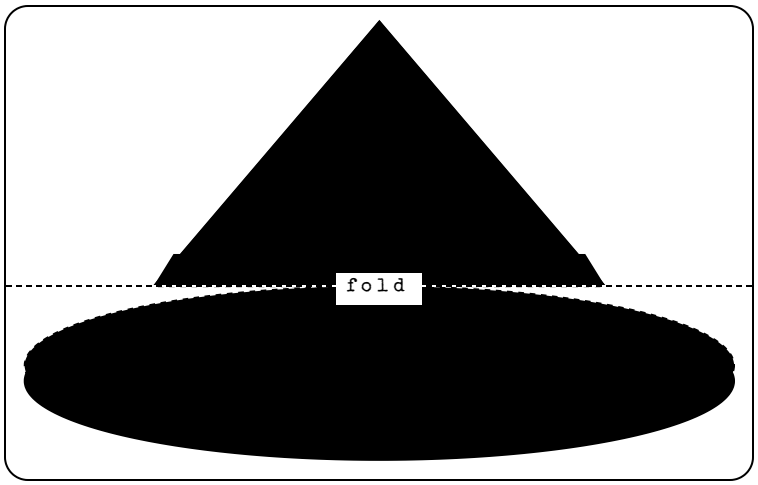
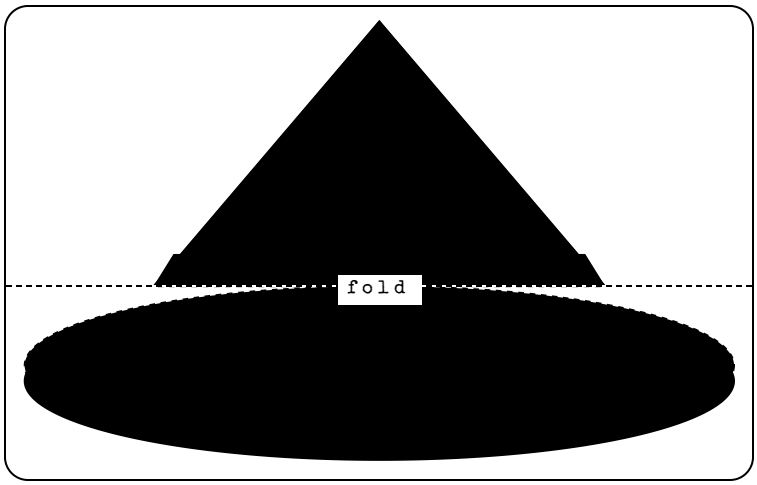
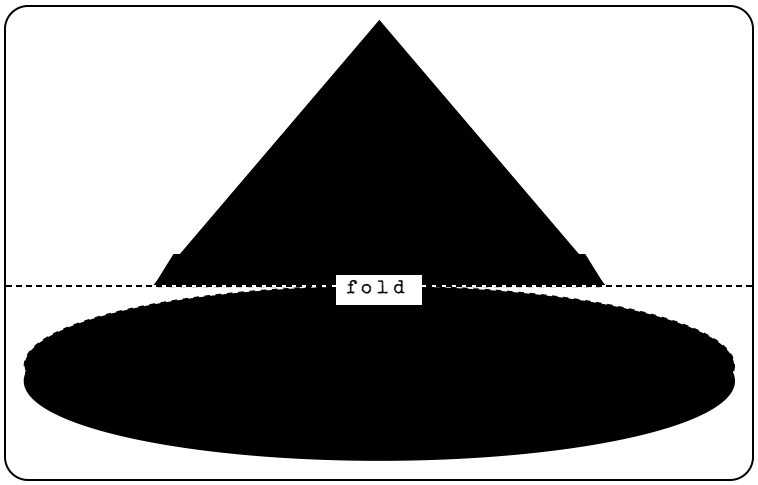
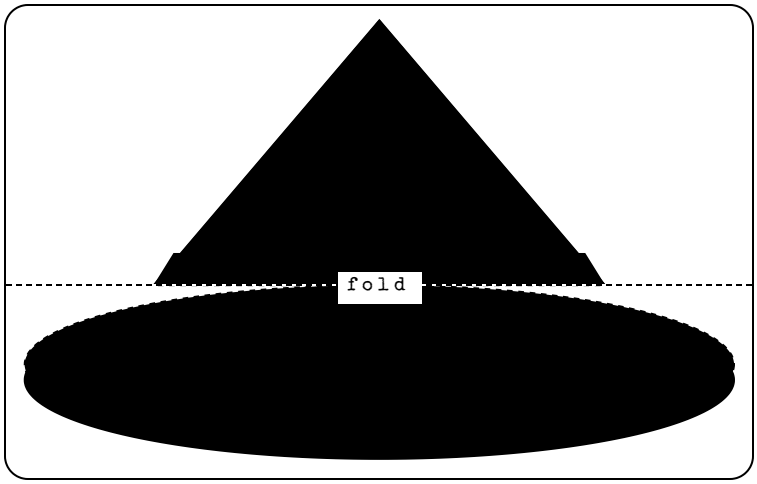
# WITCH HAT PLACE CARDS

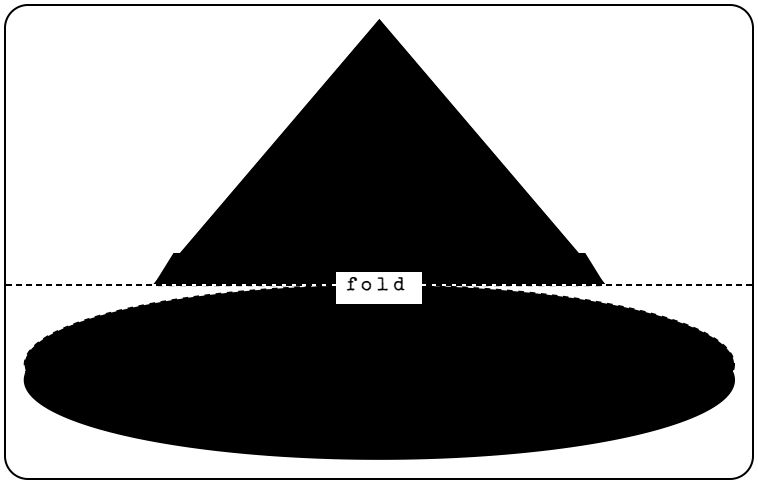


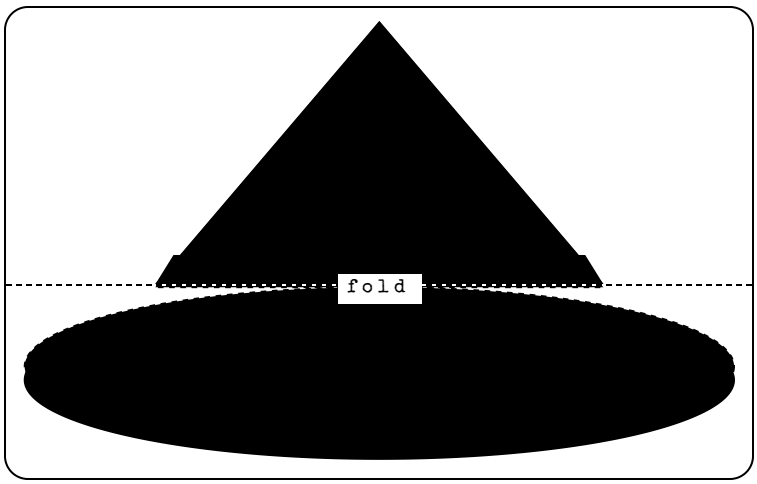


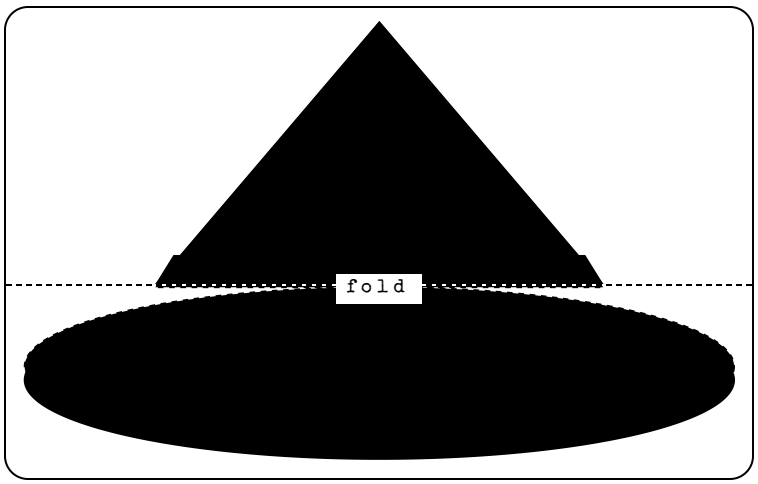




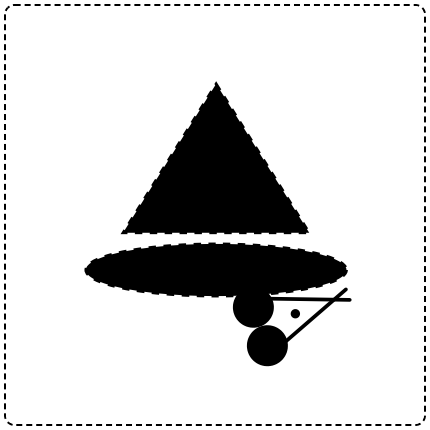






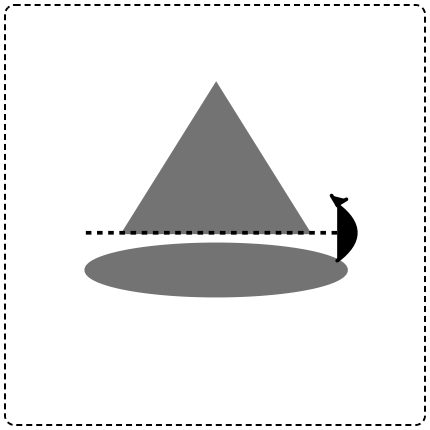


# How to Assemble



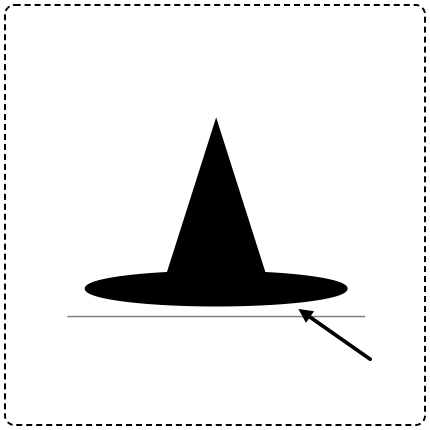
## 1
CUT

Cut along the dotted outline around each hat. Trim slowly through the brim curve — a sharp pair of small scissors gives the cleanest edge on the ellipse.



## 2
SCORE & FOLD

Run a bone folder (or the back of a butter knife) along the dotted fold rule. Fold the cone forward at a 90° angle so it stands perpendicular to the brim.



## 3
WRITE & STAND

Write each guest's name on the brim panel with a fine metallic pen. Stand the hat on the table at the place setting — the brim keeps the cone upright on its own.
